

HOMESCHOOLING?

WE CAN HELP!

The times we live in are undoubtedly unsettling for kids, their routine has been disrupted and everything is just a little off!

Homeschooling is hard work, even without a global pandemic and a business to run so, we thought of a fun way to engage your children, allow you to get on with some work and create some level of normality and routine.

The following pages contain a fun and creative project for your little ones to get their teeth into. The project is probably best for kids between the ages of 3 - 11 years old.

idea

Why not try getting your kids dressed in their usual uniform in the morning? Help get them in the mindset?

MY SCHOOL

school name

Schools can be named however you wish yet most are often named after people or places that mean something to the area they are in. Can you think of something or someone everyone would recognise from the area you live?

school motto

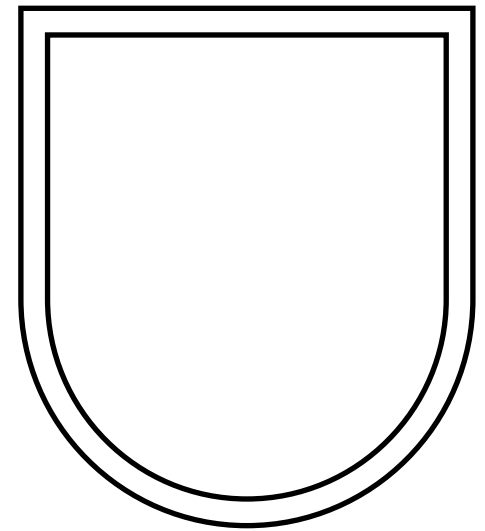

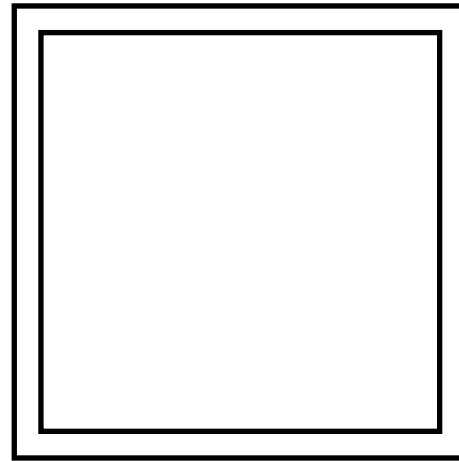

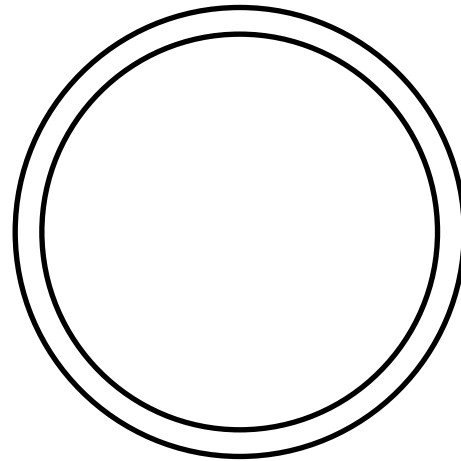

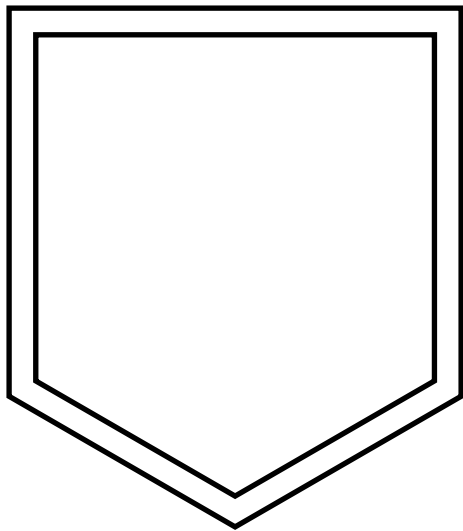

What is a motto? A motto is a short sentence which describes what a school believes and how it acts! Some school mottos are written in English whilst others are in an old language called Latin. Once you've written your motto see how it translates into other languages by using translate.google.com

MY SCHOOL

school
emblem

Think about how you could use your school name and motto in your logo! Here are some emblems for you to draw inside and design your school badge! Think about famous landmarks or symbols from around your school and how you can put them into your emblem.

MY SCHOOL

school rules

Rules help everyone to stay safe and behave so that everyone can learn at school. What would your 10 rules be to make your school days great? Now's your chance to make your own!

MY SCHOOL

school uniform

Now is the chance for you to get really creative and choose what you should wear to school! See if you can take some of the parts of your emblem and motto. What colour are they? Could you use those to colour your uniform? Is your uniform smart or casual? Do you have the parts to make your uniform at home?

MY SCHOOL

school timetables

Time to plan your week! Write your subjects and the times you will be working on them in this chart. Don't forget you could plan your lunch, play breaks and exercise too!

date ... / ... / ...	monday	tuesday	wednesday	thursday	friday
morning					
lunch					
afternoon					

well
done!!!

**You've created
your own school!**

We'd love to see what you came up with so please share your designs with us by using the hashtag
#CreateAmazing
